

Adhithyan Das K

FULL STACK DEVELOPER

adhithyandask@gmail.com | +91 7306291434 | Malappuram, Kerala, India | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer with **2+ years of development experience**, including **1.5 years professional experience**, building scalable web applications, backend services, APIs, real-time systems and cloud solutions. Experienced in **application and database design, testing, deployment, and maintenance**, with focus on **clean architecture, performance, security and maintainability**.

SKILLS

Languages: TypeScript, JavaScript (ES6+)

Frontend Development: React, Next.js, HTML5, CSS3, Tailwind CSS

Backend & APIs: Node.js, Express.js, REST APIs, Socket.IO, JWT, RBAC, Firebase, Third-Party Integrations

Database & Caching: MongoDB, Mongoose, Redis, Firestore

Cloud & DevOps: AWS (S3, Lambda, EventBridge, IAM), Docker (Basic), CI/CD, Vercel

Testing & Monitoring: Vitest, React Testing Library, Sentry

Tools & Engineering: Git, GitHub, Postman, Swagger / OpenAPI, System Design (Basic)

PROFESSIONAL EXPERIENCE

MERN Stack Developer, Elance Learning

Jan 2025 - Jun 2026

- Developed and maintained production web applications, admin platforms, and backend services
- Built and maintained admin and faculty platforms end-to-end, covering content management, course structures, media, materials, live sessions, and related workflows
- Implemented cloud deployments and CI/CD workflows using **AWS** and **GitHub Actions**
- Collaborated with senior engineers and QA on code reviews, testing, debugging, and production releases
- Worked in an **Agile/Scrum** environment using **Jira**

MERN Stack Developer Intern, Luminar Technolab

Apr 2024 - Dec 2024

- Developed full-stack web applications using **React, Node.js, Express.js, and MongoDB**
- Developed a real-time chat application with **authentication, authorization**, messaging, profile management, image uploads, search, and protected routes.
- Developed and integrated **REST APIs**, database operations, file uploads, and frontend-backend communication
- Contributed to debugging, feature development, code improvements, and application testing

PROJECTS

Elant Learning · React, Next.js, TypeScript, Node.js, Express.js, MongoDB, Redis, Socket.IO, AWS

- Built and maintained an **AI-driven learning platform** supporting structured courses, video classes, study materials, live sessions, exams, forums, challenges, and real-time communication
- Developed and maintained **admin and faculty platforms** for managing programs, batches, faculties, chapters, topics, videos, materials, and live sessions
- Contributed to backend services for chat, live sessions, videos, materials, profiles, and global ranking, with real-time communication using **Socket.IO** and **Redis**
- Worked with **cloud deployment, CI/CD**, third-party integrations, and production application workflows

Elance Learning Management System (LMS) · Next.js, Node.js, Express.js, MongoDB, AWS, Vercel

- Built the web application end-to-end** for professional finance learning programs
- Developed structured content management for programs, batches, chapters, topics, videos, announcements, and study materials
- Implemented faculty content workflows for video classes and learning materials
- Integrated **video streaming** and **cloud storage** services for course content delivery

EDUCATION

Bachelor of Computer Applications (BCA), Yenepoya University

Nov 2021 - Apr 2024 · Mangalore, Karnataka
