

Adhithyan Das K

FULL STACK DEVELOPER

adhithyandask@gmail.com | +91 7306291434 | Malappuram, Kerala, India | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer with **2+ years** of development experience, including **1.5 years** of professional experience, building web applications, backend services, APIs, real time systems, and cloud based solutions. Experienced across the software development lifecycle, including application and database design, testing, deployment, and maintenance, with a focus on clean architecture, performance, security, and maintainability.

SKILLS

Languages: TypeScript, JavaScript (ES6+)

Frontend Development: React, Next.js, HTML5, CSS3, Tailwind CSS

Backend & APIs: Node.js, Express.js, REST APIs, Socket.IO, JWT, RBAC

Database & Caching: MongoDB, Mongoose, Redis, Firestore

Cloud & DevOps: AWS (S3, Lambda, EventBridge, IAM), Docker (Basic), CI/CD, Vercel, Firebase

Testing & Monitoring: Vitest, React Testing Library, Sentry

Tools & Engineering: Git, GitHub, Postman, System Design (Basic)

PROFESSIONAL EXPERIENCE

MERN Stack Developer, Elance Learning

Jan 2025 - Jun 2026

- Developed and maintained **production web applications, admin platforms, and backend services**.
- Delivered **end-to-end application** features across frontend, backend, APIs, databases, and third-party integrations.
- Implemented **cloud deployments and CI/CD workflows using AWS and GitHub Actions**.
- Collaborated with **senior engineers and QA** on code reviews, testing, debugging, and production releases.
- Worked in an **Agile/Scrum environment using Jira** for task management and development workflows.

MERN Stack Developer Intern, Luminar Technolab

Apr 2024 - Dec 2024

- Developed full-stack web applications using **React, Node.js, Express.js, and MongoDB**.
- Developed application features including **authentication, authorization, and protected routes**, messaging, profile management, image uploads, and search.
- Developed and integrated **REST APIs**, implemented database operations and file uploads, and handled frontend-backend communication.
- Handled **debugging, feature development, code improvements, and application testing** across the projects.

PROJECTS

Elant Learning · React, Next.js, TypeScript, Node.js, Express.js, MongoDB, Redis, Socket.IO, AWS

- Built a **learning platform** supporting courses, video content, live sessions, and real-time chat.
- Developed **backend services and application features** across the platform, with **Socket.IO and Redis** used for real-time chat functionality.
- Worked on **AWS deployments, CI/CD, and third-party integrations** as part of production application workflows.

Elance Connect · Next.js, Node.js, Express.js, MongoDB, AWS, Vercel

- Developed an **academic management platform** for students and parents.
- Implemented features supporting enrollment, schedules, attendance, academic information, payments, and mentor sessions.
- Integrated **REST APIs** to support core platform workflows and application functionality.

EDUCATION

Bachelor of Computer Applications (BCA), Yenepoya University

Nov 2021 - Apr 2024 · Mangalore, Karnataka
